<sup>1</sup>Net new cash flow is the dollar value of new sales minus redemptions, combined with net exchanges.

<sup>2</sup>New sales are the dollar value of new purchases of mutual fund shares. This does not include shares purchased through reinvestment of dividends in existing accounts.

<sup>3</sup>Exchange sales are the dollar value of mutual fund shares switched into funds within the same fund group.

<sup>4</sup>Redemptions are the dollar value of shareholder liquidation of mutual fund shares.

<sup>5</sup>Exchange redemptions are the dollar value of mutual fund shares switched out of funds and into another fund in the same group.

Note: Data for funds that invest primarily in other mutual funds were excluded from the series.

Components may not add to the total because of rounding.
